Dallas, TX | F-1 OPT (3 Years, No Sponsorship Required)

EDUCATION

Master of Science, Concentration: Instructional Technologies and Data Analytics

May 2026

University of North Texas | Denton, TX

Bachelor of Technology, Computer Science and Engineering

Aug 2019 – May 2023

Jawaharlal Nehru Technological University | Hyderabad, India

EXPERIENCE

Graduate Teaching Assistant

Mar 2025 – May 2026

UNT Intensive English Language Institute | Denton, TX

- Designed instructional materials including presentations, facilitator guides, and participant resources for ESL learners, applying ADDIE methodology and adult learning principles to translate program goals into clear, measurable learning objectives
- Facilitated small-group instructor-led and virtual sessions for 20+ international students; collected post-session feedback to refine content quality, improve knowledge retention, and drive continuous improvement
- Developed learning communication materials—announcements, module summaries, and session recaps—ensuring consistent visual formatting, professional tone, and alignment with institutional brand standards

Frontend UI Developer

Jun 2022 – Jul 2023

Think Flow Software | Bengaluru, India

- Applied visual design principles to ensure consistency, readability, and professional formatting across digital products using HTML, CSS, and JavaScript, translating stakeholder requirements into practical, easy-to-follow interfaces
- Collaborated cross-functionally with project teams to align product messaging and visual standards with brand guidelines, supporting cohesive communication across all deliverables
- Demonstrated ownership by iterating on UI components through stakeholder feedback cycles, continuously improving usability and overall user experience

PROJECTS

NovaTech Systems: Critical Thinking eLearning Course

2025

- Developed a full ADDIE-based eLearning module in Articulate Storyline 360 with scenario-based branching interactions, facilitator guides, and participant workbooks for new-engineer onboarding

AI Study Companion | aistudycompanion.net

2026

- Designed and built an AI-powered adaptive learning platform featuring personalized study plans, AI-generated assessments, and learner progress analytics—demonstrating innovation at the intersection of instructional design and emerging technology

SKILLS

Instructional Design: ADDIE, SAM, Adult Learning Principles, UDL, Needs Analysis, Blended Learning, ILT, Facilitator Guide Development, Learning Objectives, SCORM, xAPI

Technologies: Articulate Storyline 360, Articulate Rise, Microsoft PowerPoint, Canvas LMS, HTML, CSS, JavaScript, Python

CERTIFICATIONS

NVIDIA Deep Learning Institute — Building AI Agents with Multimodal Models
